CERTIFICATES. ar Letter from the Hon. Abraham M'Clellen, Sullivan County, East Tennessee, Member of Congress.

Washington, July 3d, 1838. Sir-Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Garden, of Campbell Tennessee, wrote me to send him some, which I did, and he had employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A. Garden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him, he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston Tazewell. East Tenn. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Bluntville, Sullivan county East Tenn. I can get some of the merchants to act

for you, as I live near there.

THE FOLLOWING CERTIFICATE WAS handed to us by Mr. Van Schaick, of Albany, a highly respectable member of the community, and whose verwity caunot be doubted:

Mr. Septem.us Kendall, of the town of Westerloo, county of Albany, was for about 27 years troubled with a nervous and bilious affecion, which for 7 years rendered him unable to attend to his business, and during the last three years of his illness was confined to the house. His symptoms were dizziness, pain in the head and side, palpitation of the heart, went of appe-tite &c. After expending curing his confinement, nearly three hundred dolors without obtaining any permanent relief, he by accident noticed an advertisement of Dr. W. Evans.
